

### **A-3 Agricultural Transition District**

Land uses in this district are restricted to agricultural uses and uses that are consistent with agricultural use. All structures and improvements must be consistent with agricultural use as defined in 91.01 (10) Wis. Stats. and comply with the provisions of the Farmland Preservation Law to permit eligible landowners to receive tax credits under Chapter 91. Wis. Stats.

#### **A. Purpose:**

The primary purposes of the A-3 District are:

1. provide for the orderly transition of agricultural land into other uses in areas planned for eventual urban expansion
2. defer urban development until the appropriate local governmental bodies determine that adequate public services and facilities can be provided at a reasonable cost
3. insure that urban development is compatible with local land use plans and policies
4. provide periodic review to determine whether all or part of the land should be transferred to another zoning district with such review occurring:
  - a. a minimum of every 5 years
  - b. upon completion or revision of a County Agricultural Preservation Plan or Municipal Land Use Plan which affects land in the district
  - c. upon extension of public services such as sewer and water necessary to serve urban development.

#### **B. Lands Included:**

The A-3 District is generally intended to apply to land located adjacent to the incorporated municipalities or urbanized areas where such lands are predominantly in agricultural or related open space uses but where conversion to nonagricultural use is expected to occur in the foreseeable future. Land indicated as transitional areas in the agricultural plan and similar lands are to be included.
